

*Hello my friend !*

*My name is Rémy Tassou and here is my cat Mac. We live in Nantes. I made the sculptures that are exhibited at La Passerelle.*

*I went to the dump and I salvaged all these old electrical and electronic devices. You too go to the dump when you have to throw away a device and you put it in the container specially designed for it.*

*Be sure to not put it carelessly in the trash as it could be burnt in an incinerator or buried in the ground and this is not good for our planet.*

*And now let's play a little.*

*I propose you to participate in the Great Coloring Contest with many gifts to win.*

*Just color the sculpture on the front and bring it back to La Passerelle.*

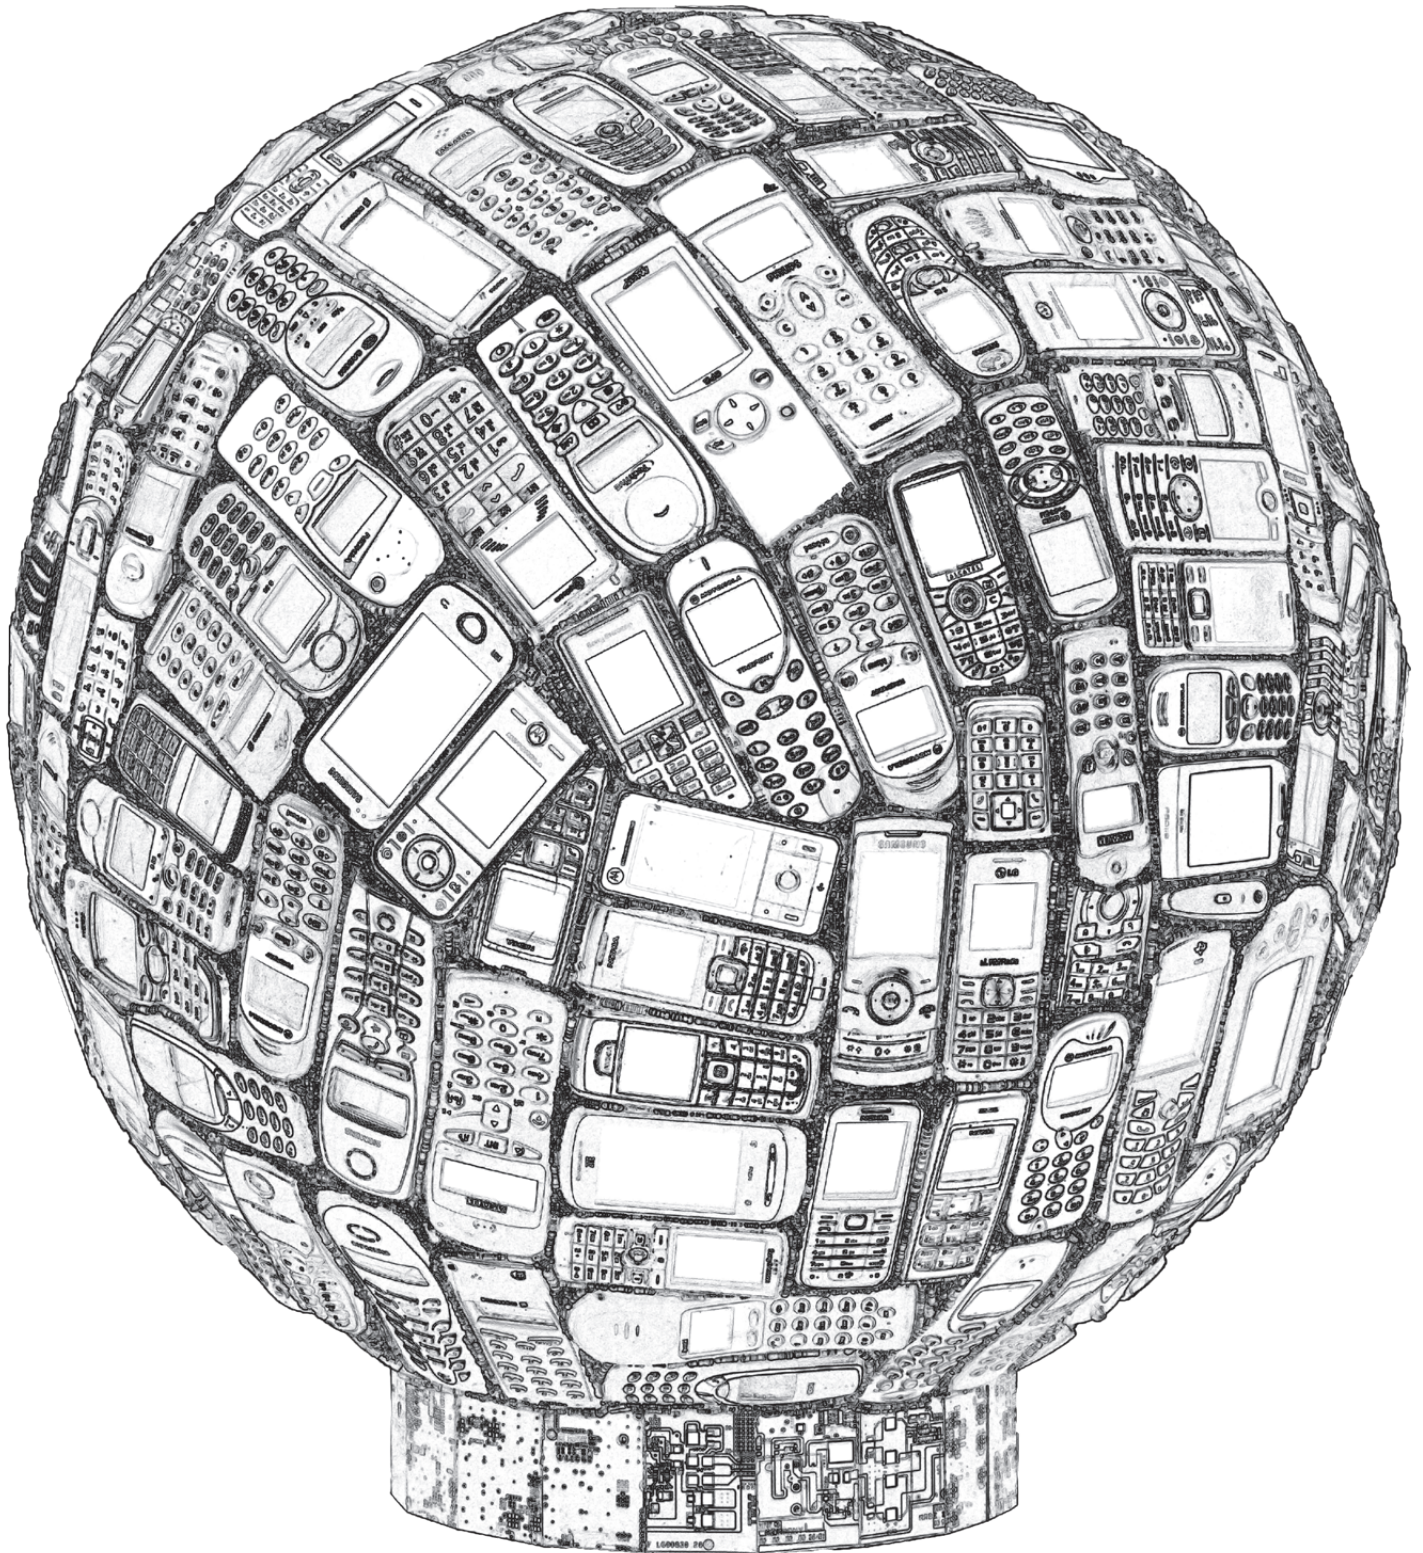

*You can also send it by post. When the jury has chosen the winners you will be informed.*

*See you soon my friend...*

# **GREAT COLORING CONTEST**

*Write your name and your address here  
and send me your coloring to*

**LA PASSERELLE - 56200 LA GACILLY - FRANCE**
